

THE QI-FIELD AT THE SUMMER COURSE - THE BEST WE HAVE

Training in a better qi-field is very important. A better qi-field is stronger and of higher quality than a less good qi-field. It gives everyone who trains in it a greater chance of achieving desired results faster. It can be completely decisive for whether one can achieve the results one wants. To achieve certain results, a better qi-field is a prerequisite. Without the better qi-field, it is hard to succeed.

Our Summer Course, a nine-day residential course, is the best we can offer. It is open to both new and experienced Qigong practitioners. It is also the only course led by our teacher Dong-Yue Su. To ever have the chance to attend a course with such an experienced and competent teacher is rare. The course is held in English and translated into Swedish. As in recent years, the course this summer will be held in Alingsås, at the very beautifully located Hjälmarred Folk High School, at the turn of July-August. We are well taken care of there, get to eat good food, and can focus on the course and training. Many participants have trained with us for many years. This, combined with Dong-Yue Su's wisdom and abilities, gives us a wonderfully strong qi-field.

Before the Summer Course, those who have previously attended our Summer Course can take part in our online course SOL – *Summer Course Training Online*, for either 9 or 18 days. Two or three hours of online training together with many others can offer great opportunities to improve your health and quality of life. The course starts on Monday after Midsummer, with a lecture by Dong-Yue Su on Sunday evening before the course.

This spring we have, as usual, held a 9-day Winter Course in Karlskoga, we have also conducted a course in Qi-Tuina with Wei Tuojin in Stockholm, and we once again organized a training trip to Almunecar, Spain. The trip was the first one after the pandemic and was greatly appreciated. Common to these three different courses is that the qi-field is very good, to everyone's delight. The qi-field is strong in our courses, and especially strong in the longer ones.

Courses this autumn

As usual, we have weekend courses in Hold Qi Up and Shenxin Qigong in several locations. We also offer Xing Shen Zhuang for 4 days at the beginning of October in Stockholm. In November, the Winter Course Training is held in Gothenburg, and the Summer Course Training after New Year in Stockholm. Give yourself the chance – come and participate in our strong and fine qi-field.
